The Power to Empower

“WANDERING SOULS”

**Gallery G, Bangalore
8th & 9th of July 2022**

ART FOR CHARITY

The Government Childrens Home at Adugodi housed in the Nimhans campus is a residential child care institution which looks after girl children in need of care and protection due to circumstances like being homeless, becoming orphaned, being physically or sexually abused, being trafficked, rescued from commercial sex work, begging, child labour and other forms of exploitation. This institution looks after these highly vulnerable children, coordinates with the child welfare committees to ensure relief, rehabilitation, reunion with families and reintegration into society.

Wow aims to break taboos and raise awareness about the importance of good menstrual health management and well being for adolescent girls through wow workshop. This workshop is an awareness program on yoga, counseling, eating healthy to manage menstrual cycles. Wow has reached out to girls and women from under privileged sections of the society.
